City of Delray Beach to Host Hybrid Public Meeting for Germantown Road Improvements on March 8, 2023

The City of Delray Beach's Public Works Department will hold a virtual and in-person public information meeting to discuss the proposed pedestrian and bicycle mobility improvements for Germantown Road, from Old Germantown Road to South Congress Avenue.

Participants can join the meeting virtually or in person on March 8, 2023. The virtual component of the meeting will be held on GoTo Webinar at 5:30 p.m. Following the virtual presentation, an in-person open house will begin at 6:30 p.m. at the Swinton Operations Complex, 434 South Swinton Avenue, Delray Beach, FL 33444.

The City of Delray Beach was awarded a federally funded grant from the Palm Beach Transportation Planning Agency (TPA) under its Local Initiatives Program for the Germantown Road Complete Streets Project. The grant will partially fund approximately 40% of construction and the remaining 60% will be funded by the City.

Enhancements, including multi-use paths along both sides of Germantown Road, will be completed from Old Germantown Road to South Congress Avenue. All work will be done in the existing right-of-way.

The City of Delray Beach has contracted Propel Engineering, Inc. to provide engineering and surveying services. City representatives and members of the project team will be available to discuss the proposed project and respond to questions and comments.
