

Old Germantown Road Complete Streets Project

**VIRTUAL PUBLIC MEETING
WEDNESDAY, MARCH 8, 2023**

THE PRESENTATION WILL BEGIN AT 5:30 PM

MEET THE TEAM

- **City Staff:**
 - Jason M. Kaufman, P.E.
Engineering Division Manager
 - Juan Palacio, E.I.
Project Manager II
- **Consultant Design Project Manager:**
 - Maj Alam, P.E., P.M.P.
Propel Engineering, Inc.
- **Design Team Representative:**
 - Jim Vomacka, P.E.
Propel Engineering, Inc.
- **Community Outreach Specialist:**
 - Michael Cobelo
Quest Corporation of America

AGENDA

- Meet the Team
- Rules of Engagement
- Project Description
- Location
- Proposed Improvements
- Design
- Schedule
- What to Expect During Construction
- Questions and Answers

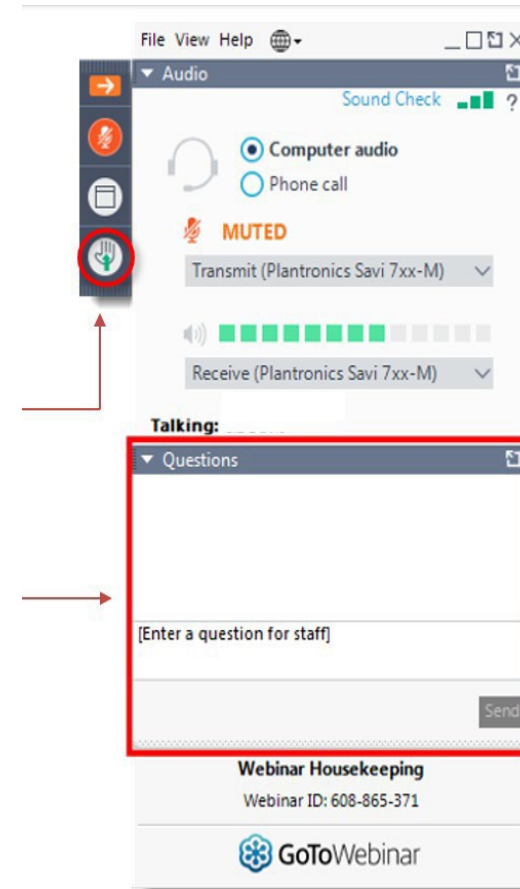

RULES OF ENGAGEMENT

- This meeting is being recorded.
- The meeting will begin with a presentation followed by comments and questions.
- Phone participants are unable to comment *during* the meeting. To provide comments after the meeting, please call 954-654-1472 or email Michael.Cobelo@gcausa.com.
- Tonight's presentation is available on the project website – www.GermantownRoadImprovements.com.

RULES OF ENGAGEMENT

- During the Q&A Session, there are two methods for providing a question or comment. A staff member will advise when to state your question.
- Virtual attendees **will remain muted** throughout the presentation except for the **Q&A Session**. To provide a comment:
 - Use the **“Raise Hand”** button on your GoTo Webinar panel, and you will be unmuted.
 - Submit comments via the “Questions” box.

PROJECT DESCRIPTION

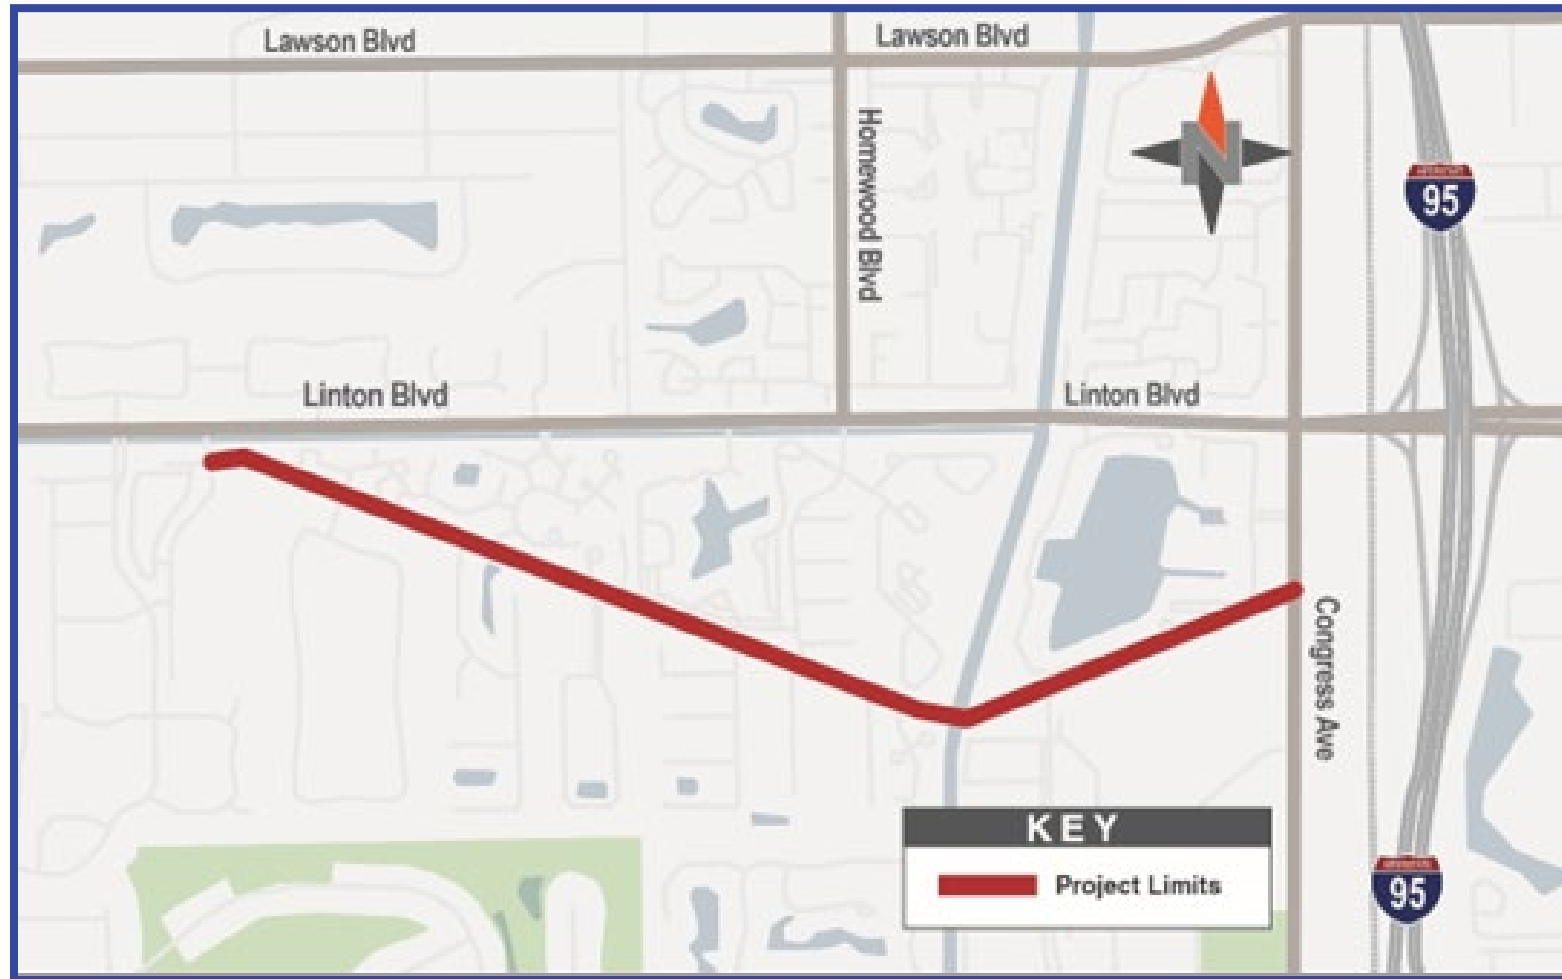

The City of Delray Beach was awarded a federally funded grant from the Palm Beach Transportation Planning Agency (TPA) under its Local Initiatives Program for the Old Germantown Road Complete Streets Project.

The grant will partially fund approximately 40% of construction and the remaining 60% will be funded by the City.

The project aims to improve multi-modal mobility, enhance pedestrian safety, provide accessible facilities that comply with the American Disability Act (ADA), introduce pedestrian lighting, and rehabilitate existing pavement.

PROJECT LOCATION

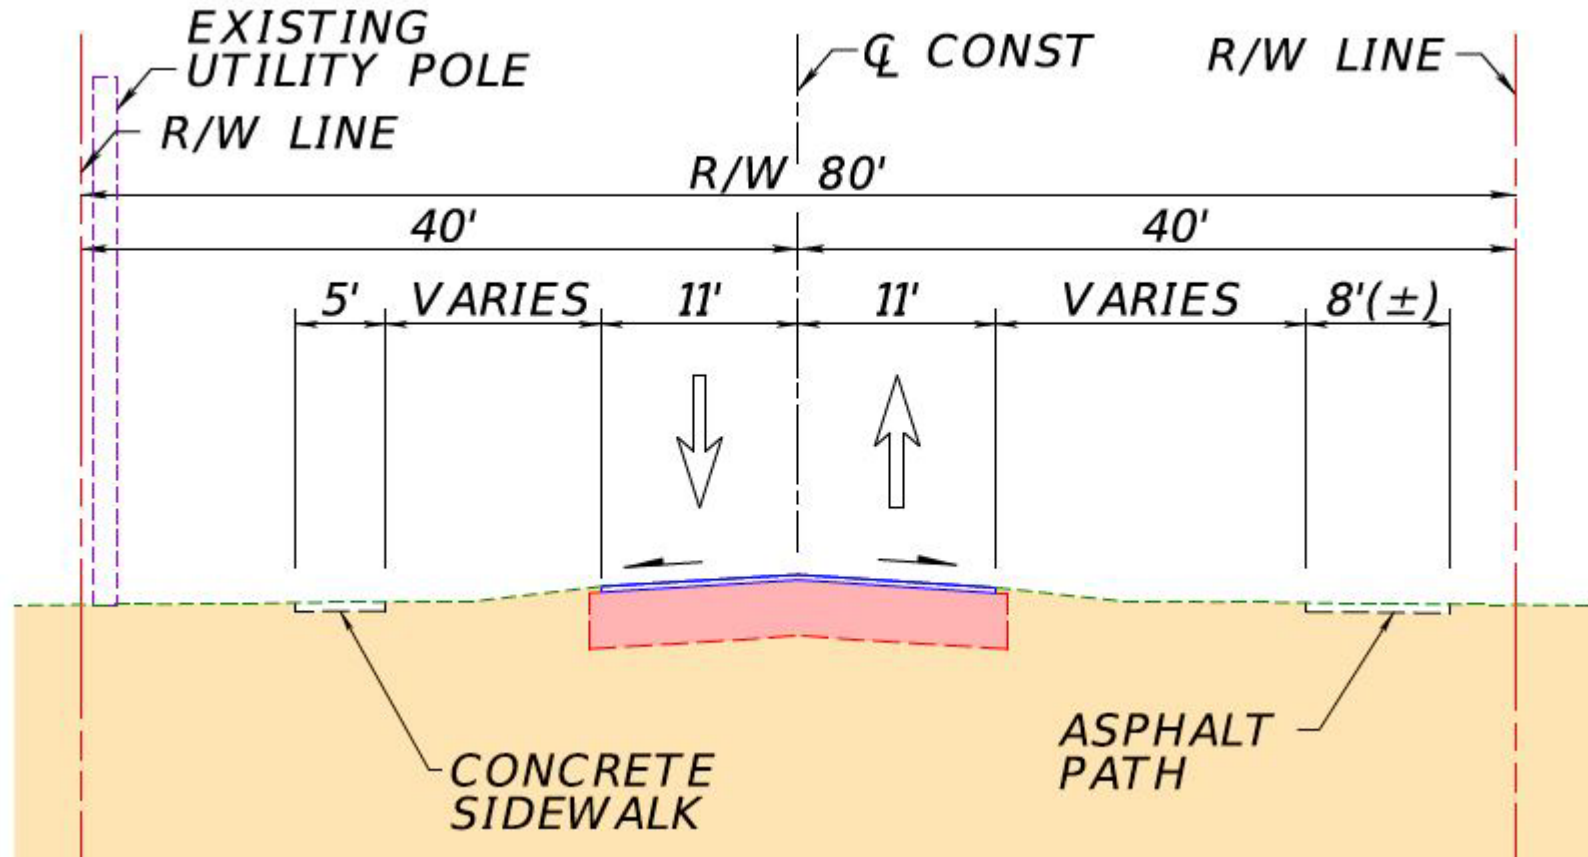

PROPOSED IMPROVEMENTS

The following improvements will support the City of Delray Beach's Complete Streets Policy (adopted in 2016):

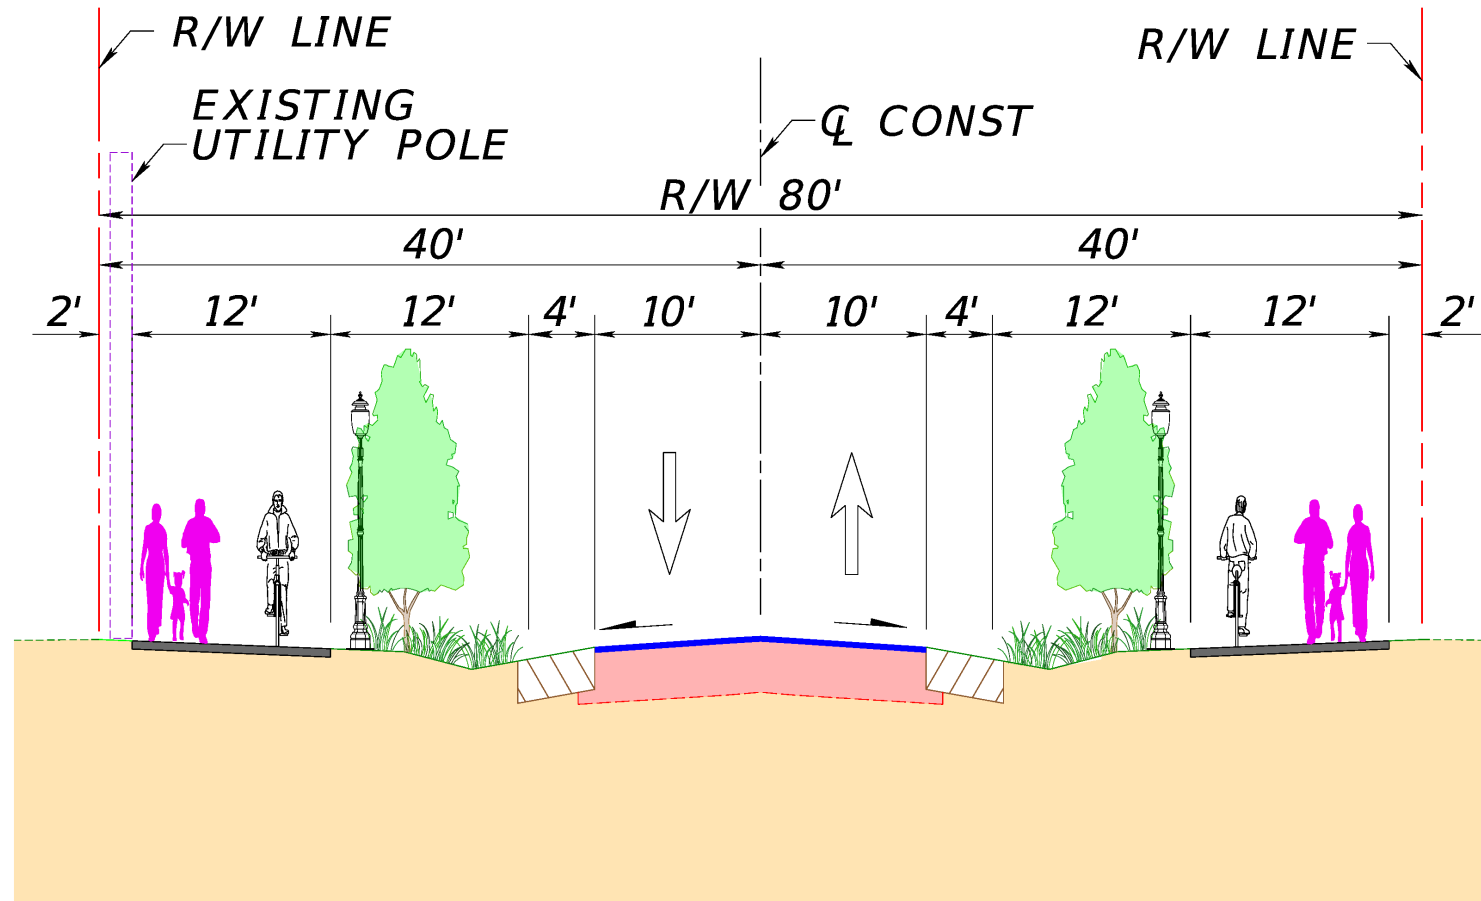

- Provide multiuse paths on both sides of Old Germantown Road.
(A multiuse path is an off-street path to be used by pedestrians and cyclists)
- Improve ADA accessibility and install ADA compliant crosswalks.
- Preserve or restore existing pavement via milling and resurfacing, deep milling or full depth reclamation, as needed.
- Install pedestrian-scale lighting on both sides of the street.
- Install a few new and/or relocated trees between the roadway and multiuse paths.

TYPICAL ROADWAY SECTION - EXISTING

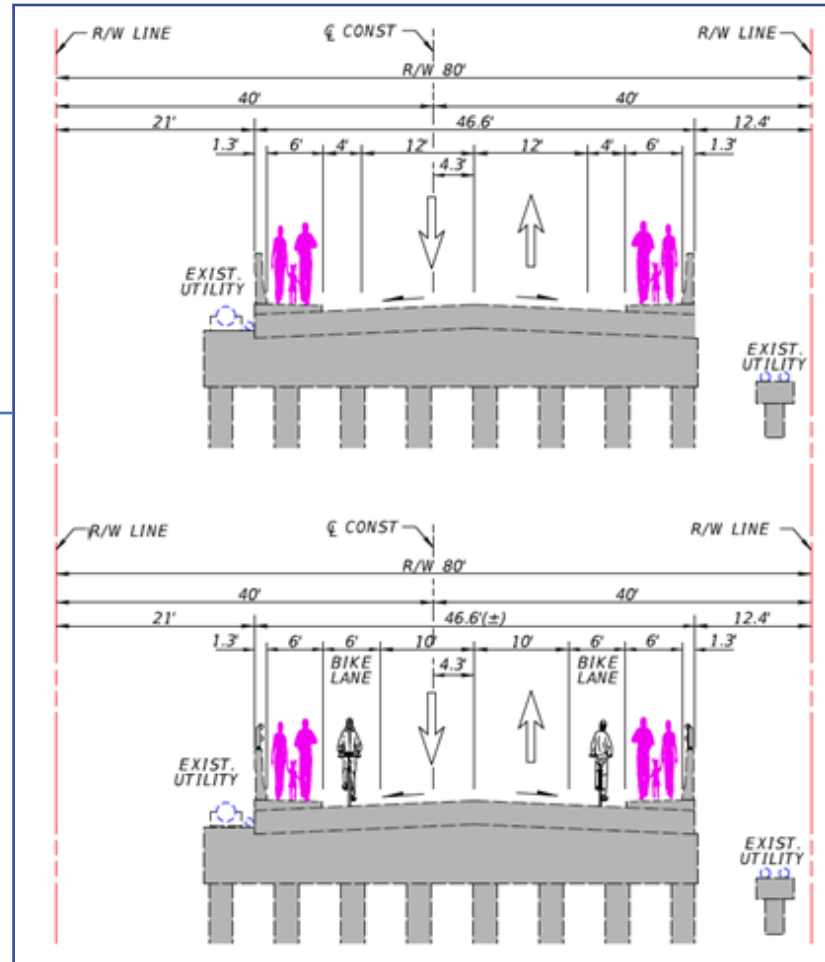

TYPICAL ROADWAY SECTION - PROPOSED DESIGN

PROJECT DESIGN

- This image only depicts the segment across the bridge along Old Germantown Road.
- No construction will occur on the bridge.
- The only work that will occur is restriping.

ANTICIPATED PROJECT SCHEDULE

MILESTONE	DATE
Public Meeting #1	March 8, 2023
Preliminary Design Complete	Spring 2023
Public Meeting #2	Summer 2023
Semi-Final Design	Summer 2023
Final Design	Fall 2023
Bid Advertisement	Winter 2023/2024
Construction Contract Award	Spring 2024
Construction Begins	Summer 2024

WHAT TO EXPECT DURING CONSTRUCTION

Maintenance of Traffic (MOT):

- At least one lane of traffic will be maintained at all times.
- Flaggers may be utilized for alternating one-way traffic.

Access:

- Access to residences and businesses will be maintained.

Public Outreach:

- Project website will be kept up to date with information on construction activities being performed and anticipated traffic impacts.
- City will maintain a log of resident concerns and resolutions.

QUESTIONS & ANSWERS

- **Submit comments** in the “Questions” box.
- The project team will answer questions in the order they are received.
- If you would like to speak, **press the raise your hand button**. We will unmute your microphone and allow you to speak.
- After addressing comments in the question box, we will open the microphones. If we are unable to answer your question, the project team will provide a written response after the meeting.
